SEE YOU NEXT YEAR, SUMMER...

This time last year, I was back in the office after my yearly California trip. First to visit Sacramento and my family and friends, then on to Los Angeles for a short stopover, and then on to San Diego for Comic Con. Well, this is the first year in a very, very long time that I was not in attendance at Comics and Entertainment's biggest event. Was I feelin' the FOMO as the week progressed without me? You bet. Did I lament missing out on cool exclusives and shopping for cheap monster comics? That's an affirmative, there.

But when the event was over... I was ultimately okay with giving it a pass this year. I mean, I can (and will) return to the Golden State to see my family, and my friends are all just a phone call away. And honestly, I did not miss the crowds at the Con. Most years, I was astounded at how many folks who scored passes to the show really had no clue why they were there. Really!

Working the Diamond booth for years before going "full fanboy" on my own dime, I got to speak to a lot of people who would come by our display area inquiring about purchasing something they saw in our cases. Most of the stuff we displayed was prototypes or early production samples from the vendors, items that would be on sale at a *later* date. We're **PREVIEWS**, so we deal in *futures*, so to speak. Explaining to these eager-to-spend fans that they would need to go and order it — either from their local comic shop or an online entity — most of those folks said they didn't have a local comic shop and had never been in one. I kid you not. After a few days of this, I stopped being

surprised by their similar responses... and provided them with a list of local shops in the area where they could go. Problem solved!

So, Comic Con is done (for this year, at least), Summer is on the way out, and the Holiday Season is right around the corner. And because it's always a good idea to shop early (and often!) for the Holidays at your local comic shop, this issue is once again dedicated to our **GREAT GIFT IDEAS** theme. This September issue features publications and products set to begin shipping in November 2025 (if not sooner), which gives you plenty of time to plan for the holidays and get the right gifts for your family and friends!

Just head over to **Pages 40-41** to check out some of our top *Gift Ideas* items for the month, then check out the rest of this issue for still more **GREAT GIFT IDEAS**!

We'll be back in 30 or so for our October spooktacular! Thanks for checking out this issue and being a **PREVIEWS** reader!

FIGHT THE FUTURE

Everyone knows the days of keeping unbagged comic books lying around are long gone – bags and boards are a forgone conclusion in this modern world of collecting. But what about when a bag and board aren't enough? Do you want to lie awake all night worrying that your comic is developing irreversible stresses that will reduce its value a thousandfold? You need something a little tougher to keep that comic safe, and IronGuard Supplies has just the thing. In addition to a full range of bags and boards in all sizes, IronGuard now offers comic toploaders, rigid sleeves that will keep your comic protected from even the most unforgiving longbox. Sleep easy, my friend.

BRANDON AUMAN

Please tell us a bit about yourself!

I'm basically a writer, director and showrunner. I've written/produced animated series like *Teenage Mutant Ninja Turtles* for Nickelodeon, *Star Wars: Resistance* for Lucasfilm, and most recently, Critical Role's *The Legend of Vox Machina* for Amazon. I left Vox after season 3 to write and direct my first live-action horror movie, *Sleepwalker*, for Appian Way.

What are your favorite projects you've contributed to over the past decade?

I've really loved everything I've worked on. *The Legend of Vox Machina* was definitely a highlight. I've always wanted to work on a fantasy series, and I love roleplaying games. I grew up playing fantasy and horror RPGs. I have a huge collection of them, including vintage games like the original *D&D* white box. *Creatures & Corridors* (see PAGE 57!) came out of playing these games, and the love of horror movies like *Evil Dead*. There was a huge Satanic Panic around RPGs in the '80s and '90s where people believed playing these games could summon demons. So that's basically the origin of *Creatures & Corridors: What if a bunch of kids played a cursed RPG and summoned orcs and goblins and horrible monsters kicking down the door of their suburban home?*

What are you currently working on?

I'm working on some new horror features that recently moved forward - so hopefully we'll be shooting both by early next year. I also have some new comic book/graphic novel stories I've been developing that I'm extremely excited about, more horror and fantasy!

What indie titles are you currently reading?

I'm looking forward to *Blade Runner: Black Lotus* (I wrote for the anime series), along with *The Book of Nosferatu*. I'm a big fan of horror and sci-fi indie titles, like *The Essentials*, *The Slasher's Apprentice*, and *Vanishing Point*.

USER'S GUIDE

There's a lot of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS PREVIEWS?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

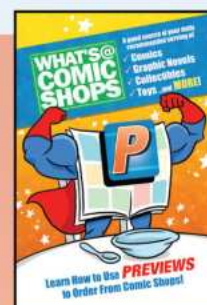

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

Delve into the life and inspirations of the "Father of Epic Fantasy" with ABLAZE's *J.R.R. Tolkien Genesis Collected Set*, two great GN titles—*Kalevala* and *Tolkien: Lighting Up the Darkness*—that reveal the personal history and literary inspirations for Tolkien's most well-known works, all at a specially discounted price!

In *Kalevala: The Graphic Novel*:

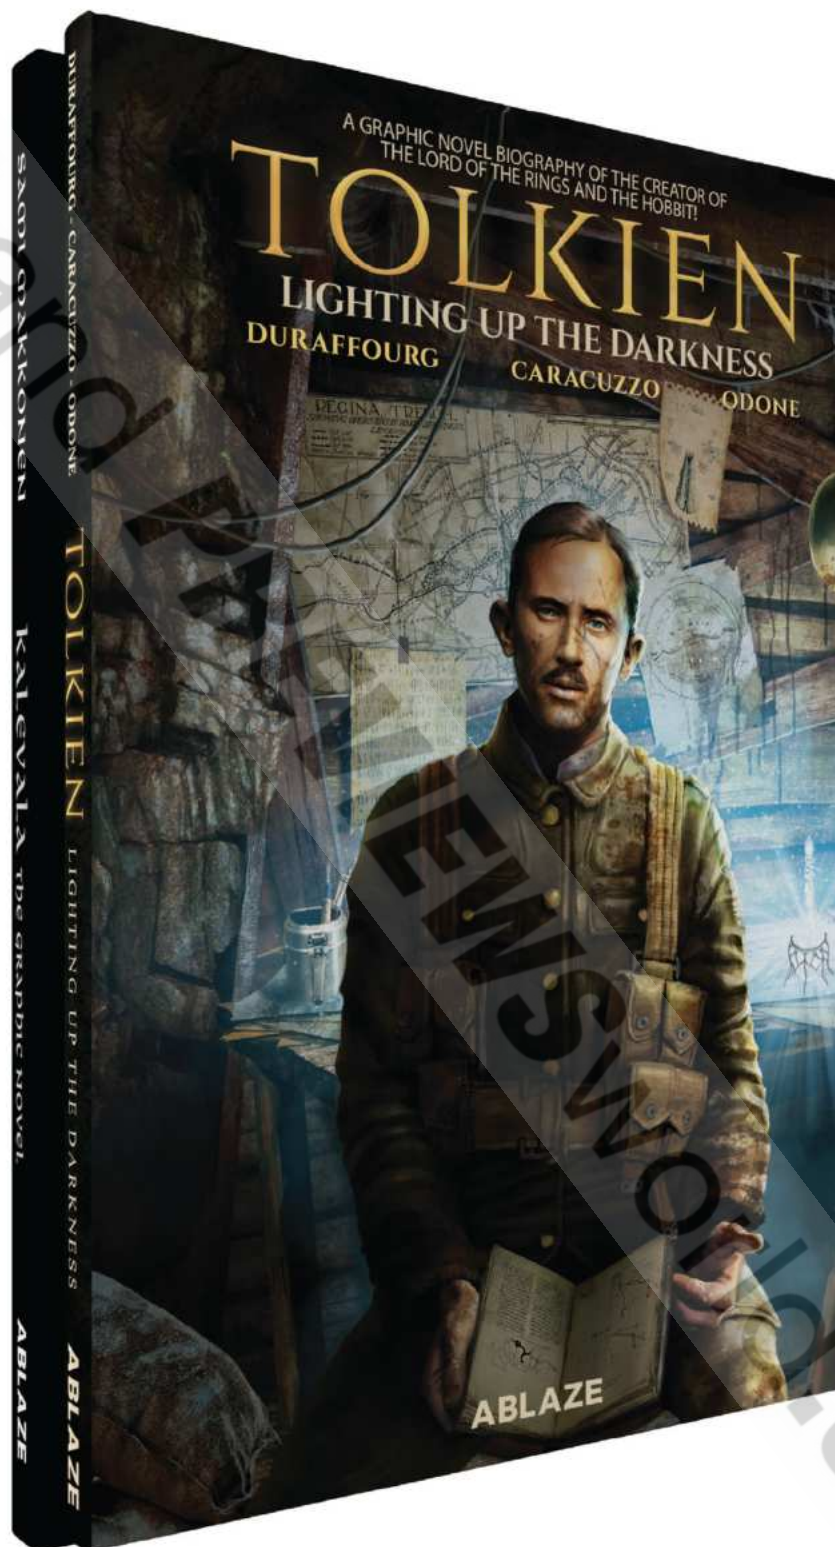

Artist Sami Makkonen presents a stunning comic adaptation of the Finnish national epic the *Kalevala*, which inspired J.R.R. Tolkien to write *Silmarillion* and *Lord of the Rings*. The story tells the adventures and fates of wizard Väinämöinen, warrior Lemminkäinen, black-smith Ilmarinen and other larger-than-life-characters looking for love, riches and magic in the far-away lands of the ancient North. The world of *Kalevala* is lyrical, harsh and totally unique.

In *Tolkien: Lighting Up the*

Darkness: JRR Tolkien was not always the old professor, pipe in the mouth, refining his extraordinary work. In 1915, at age 23, he left for the front with his old school friends, whom he loved like brothers. The horror of war will brand his relationship to friendship, love, and creation. This graphic novel explores the youth of the author of *The Lord of the Rings*, and his traumatic experience of the battlefields of the First World War, which will forge the imagination of his literary work.

In *THE LIBRARY MULE OF CORDOBA*: The Caliphate of Al-Andalus, after a great period of peace and learning, faces a power struggle after the death of the Caliph al-Hakam II. In exchange for the support of radical clergymen, the vizier Amir seeks to burn the books of Cordoba's famed library to ash. The night before the biggest bonfire ever, the head librarian, a chubby eunuch named Tarid, gathers up all the books he can and loads them onto the back of a passing mule. He takes off in the hopes of saving what he can of universal knowledge.

In *THE OLD GEEZERS (VOL. 1-2)*: Lupano tells the story of three septuagenarians who have been friends since childhood: Antoine, Emile, and Pierrot. They have each taken different paths in life, made different choices, and started (or not) their own families. The series moves back and forth between the 50s and the present day, telling the tragic-comic tale of our time, with all of its social, political, and cultural upheavals!

ARTIST: WERTHER DELL'EDERA

**HARDCOVER | 256 PAGES | BLACK & WHITE
MATURE (16 AND UP) | ACTION/ADVENTURE,
HORROR, SCIENCE FICTION | \$33.50**

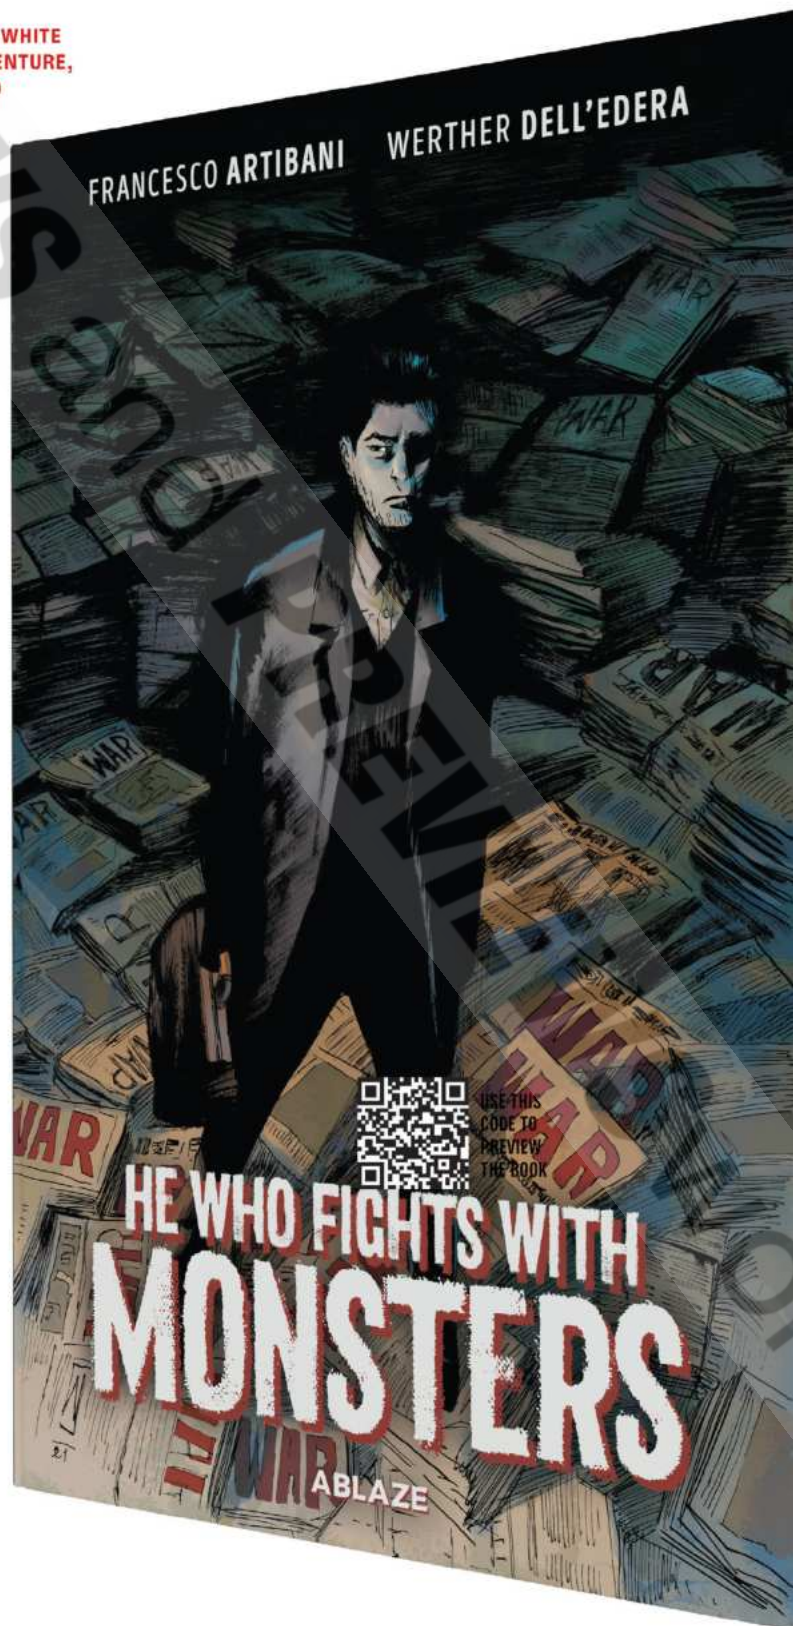

ABLAZE presents two graphic novels featuring Eisner and Ringo Award-winning artist **Werther Dell'Edera**, collected together for the first time as a special price.

In *He Who Fights with Monsters*, it's World War 2 and the struggle between good and evil is in full force. In Prague, the great Bohemian city is being oppressed by the Nazi occupation and the population lives in terror, while the resistance forces try to organize themselves in the shadows. It is an almost impossible task. With the ruthless SS tightening their grip on every street and neighborhood with overwhelming might, only one hope feeds the struggle. A crazy hope, which rests on the fragile foundations of an ancient, monstrous legend...

In *The Voices of Water*, under a persistent rain, which seems destined to never subside, Stavros lives and moves through the streets of a dark and gloomy nameless city. He has a job and a fiancée; his life is normal. Yet several, different voices talk to him - sometimes whispering, sometimes whining or yelling - whenever he hears the water running. One day, as Stavros wanders the city under a heavy rain, the voices become insistent, revealing his deepest, unspeakable secrets, as well as his dreams and memories. He is tormented by these mysterious voices, perhaps a sign of his madness. Or perhaps of a wider, collective madness, which infects everyone around him, to the point of being transmitted to the entire universe.

When two fellow agents go missing inside a Long Beach warehouse, Shaw and McGregor are sent to investigate. But what they find waiting is far from routine, as the local police have already discovered to their cost. Before the night is out, our heroes will encounter terror beyond their most appalling nightmares, in a place where the night may never end at all. (SEP181388)

O/A SCARLET MORNING HC

(W/A/CA) Nd Stevenson

From the powerhouse creator of *Nimona* comes a breathtaking illustrated novel, the start of a duology, following two orphans who leave the only home they've ever known to sail with an eccentric crew of pirates. Fifteen years ago, when the dastardly pirate Scarlet Morning killed the Queen of Dickerson's Sea, a terrible storm began. Now, there's nothing left of the old world: not a queen, not the law, and especially not pirates. Viola and Wilmur have been waiting for their parents for fifteen boring years in the colorless town of Caveat. Their lives are a drudge of salt, trash, pirate stories and what-ifs... until one very stormy night, when Captain Cadence Chase breaks down their door. They cut a deal with the captain: Chase can take their most prized possession, a mysterious book, but only if she takes them, too. After all, if their parents aren't coming, Viola and Wilmur might as well have a grand adventure to find them. Setting sail into the treacherous and beautiful world beyond Caveat, the two inseparable friends must uncover the facts behind legend—and the key to saving all of Dickerson's Sea from obliteration—before the truth tears them apart.  This special pack collects all four issues of the *Twilight Grimm* mini-series. In the center of Hallowed Heights, a towering wall divides the city. The only thing standing between the bloodsuckers and their intended prey is a young man known only as Twilight Grimm. His silver blades and blessed bullets make him the most loved—and the most feared and hated—citizen of the Blood Zone! (STL381996)

ACE OF HEARTS GN

(W/A) Cooklin

This graphic novel follows Caitlin Cook, who is asexual but does not yet fully realize it. From evangelical purity politics to the footloose college campus, Caitlin navigates different worlds each with their own sexual orthodoxies, and clumsily attempts to fit into each of them. A thoughtful and immersive coming-of-age memoir about one girl's struggle to figure out and then claim her asexual identity. (STL382123) (C: 0-1-2)

PIGEONS! HC

Life is simple for the pigeons. They have no desire to contemplate their future or take control of it. Free from responsibility, they are all too willing to submit to a strong authority. This is precisely what a cruel and power-hungry crow was waiting for—a perfect opportunity to wield his natural talents as a tyrant. The crow enforces law and order, but also terror and arbitrary rules. Everyone seems to accept this situation—or maybe, they are too scared to resist. Until an idealistic seagull steps in, determined to challenge the system through debate and free elections. (STL382124) (C: 0-1-2)

ELECTRIC LIFE HC

(W) Sander Funneman
(A) Peter Brouwers

Billions of years before the invention of the light bulb, natural electricity was already shaping our world. From subatomic particles to the solar system we're all part of, electromagnetic forces have long formed the building blocks of reality as we know it. Yet the full extent of their impact is only just beginning to come to light. *Electric Life* invites readers on a breathtaking journey into this unseen world, revealing how electricity and magnetism affect not only us humans but also our planet and the universe at large: How does lightning influence communication among fish? Can plant electricity be translated into music? Do Earth and the sun charge the moon like a solar battery? Does your heart's magnetic field surround your entire body? Can the electrical properties of microbes be used to heal our bodies, or even reverse environmental damage? With a fresh perspective and an accessible tone, *Electric Life* breaks down recent scientific advances and emerging technologies to answer these questions and more. (STL382058) (C: 0-1-2)

VOLUME 1 GN

(W/A) *Paul Pope*

Mars is a planet divided. In the north, the bohemian Plutonium City teems with music and art. In the south, the people of Velo City are stifled by an oppressive bureaucracy with a tightening grip. And it is in Velo City that we find HR Watson, the sheltered daughter of a wealthy industrialist, and THB, her loyal but mysterious bodyguard who can expand from a tiny rubber ball to a nine-foot-tall humanoid with just a splash of water. To HR, THB is a novelty—a strange new toy of dubious value. But when she finds herself in the crosshairs of her father's enemies, HR will quickly discover the true extent of THB's power. Over thirty years since its debut, the world of *THB* continues to inspire loyal readership and critical acclaim. For the first time, New York Times–bestselling author and Eisner Award–winner Paul Pope's sprawling, self-published vision is gathered in three definitive editions, featuring remastered art and exclusive new material. EVERYTHING IS PERMITTED: ON ASSASSIN'S CREED SC

(W) Cameron Kunzelman

Released in fall 2007, *Assassin's Creed* transformed video gaming. Across more than a dozen franchise entries, players engage with the eternal conflict between the Order of Assassins and the nefarious Templar Order, carrying out missions in a series of painstakingly rendered historical settings. *Everything Is Permitted* is an analysis of the development, evolution, gameplay, and world-building of this sprawling and distinctive franchise. Cameron Kunzelman examines key themes and concepts that connect the games in the series. Combining close readings of the games themselves with discussion of the broader landscape of video game franchises since its initial release, he uncovers what it means for a game to be part of the *Assassin's*

Creed franchise. Diving into the real-world histories and ideas that the game designers used for inspiration, Kunzelman argues that the virtual conflicts between the franchise's opposing sides offer intriguing insights into actual reality, from ethical dilemmas to the roles of freedom and fate. As the Assassins say, "Nothing is true, everything is permitted." (STL382120) (C: 0-1-2)
